COVID-19

Last updated: 4/1/20

As of this morning, March 19, 2020, the [Georgia Department of Public Health](#) is reporting 287 cases and 10 deaths.

The Georgia General Assembly has confirmed one case of COVID-19. [Senator Brandon Beach](#) was tested over the weekend, and the test has come back positive. All members of the General Assembly have been advised to self-quarantine for the next 14 days.

While the Governor has not issued any new state mandates on closures, City of Atlanta Mayor Lance Bottoms signed an executive order this morning to close all restaurants and bars (takeout and delivery are still allowed), gyms, movie theaters, bowling alleys and arcades, live performance venues, and private social clubs, effective tonight at midnight.

Tuesday, March 17

Yesterday, March 16, 2020, the Georgia General Assembly convened to ratify the Governor's call to declare a State of Emergency in Georgia. After nearly 8 hours, the House and the Senate reached an agreement. The Governor has executive power for the next 30 days. On April 15, 2020, the General Assembly will reconvene and take a vote on whether or not to end those executive powers.

Along with the State of Emergency, the Georgia General Assembly voted to approve \$100 million in emergency funding to address the pandemic before we recessed last Thursday, March 12th.

As of Tuesday, March 17 the Georgia Department of Health's most recent report shows 146 cases of confirmed COVID-19 cases and 1 death.

[The State of Georgia has set-up a COVID-19 hotline: 844.442.2681](#)

The federal government recommends limiting public gatherings to 10 people and maintaining a distance of 6 feet apart.

March 15, 2020 -- As of this morning, Georgia Department of Public Health's most recent report shows 99 cases of confirmed COVID-19 cases and 1 death. In an effort to contain the virus, the Center for Disease Control has encouraged the suspension of large public gatherings.

While there is currently no vaccine to prevent coronavirus disease 2019 (COVID-19), the [CDC](https://www.cdc.gov) recommends the following:

- Avoid close contact with people who are sick;
- Avoid touching your eyes, nose, and mouth;
- Stay home when you are sick;
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash;
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe;
- **Follow CDC's recommendations for using a facemask**
 - CDC does not recommend that people who are well wear a facemask to protect themselves from respiratory diseases, including COVID-19.
 - Facemasks should be used by people who show symptoms of COVID-19 to help prevent the spread of the disease to others. The use of facemasks is also crucial for health workers (at home or in a health care facility);
- **Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.**
 - If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.
- **Older adults and people who have severe underlying chronic medical conditions like heart disease or diabetes seem to be at higher risk for developing more serious complications from COVID-19. If you are at higher risk of getting sick from COVID-19,**
 - Stock-up on supplies;
 - Take precautions to keep space between you and others;
 - When you go out in public, keep away from others who are sick, limit close contact, and wash your hands often;
 - Avoid crowds as much as possible;
 - Avoid cruise travel and non-essential air travel;
